BIMETALLISM GROWING.

in an International Conference.

CHICAGO, May 7 .- Chicago bankers, mer-

chant princes and manufacturers whose

names are widely known have come out for

international bimetallism. Marshall Field,

Lyman J. Gage, George M. Pullman and

fifty others of wealth and importance in the

financial world have signed a creed with

bimetallism as its basis, and pledged them-

selves to promote its adoption as an inter-

national system. This is the outcome of a

conference held a short time ago by several

prominent financiers. At this conference

the following statement of principles was

"The committee is formed for the purpose of promoting the establishment of interna-

tional bimetallism upon the general plan of

the Latin Union, with a broader basis. Those

concerned in the movement, while earnest-

ly opposed to free coinage of silver or any increased use of silver by this country, in-

dependent of international action and agree-

ment, believe that the repeal of the pur-chase clause of the Sherman act affords a

fitting and fortunate opportunity for ad-

vancing the cause of international bimetal-

lism. They believe that the day is not far distant when the necessities of commerce

will compel the international use of silver as well as of gold in the currencies through-out the world."

Franklin H. Head, who was appointed

secretary of the committee, at once se

about finding others of the same belief, and up to the present time has secured the sig-

natures of over fifty prominent gentlemen In addition to Messrs. Field, Gage and Pull-

man the list contains the names of Philip

D. Armour, Franklin MacVeagh, H. H. Porter, John R. Walsh, H. H. Kohlsaat, O. W.

Potter, John DeKoven, J. W. Doans, T. B.

Blackstone, Victor Lawson, William Penn Nixon, Joseph Medill, Robert T. Lincoln, Erskine M. Phelps, Marvin Hughitt, H. N. Higginbotham and many others well known

Speaking of the matter to-night, Mr. Head said: "If England will enter into an

international agreement to accept a bi

metallic system, every other great power will do the same, and gold will cease to

perity will be universally restored. If there

is not some kind of a change soon India

will be bankrupt, as Argentine, Guatemala

Turkey and Egypt are now, and England

knows it. That is why the time is ripe to

make a move for international bimetallism

Universal remonetization of silver is what

we want. To adopt free coinage in this

country in the absence of such an agree-

ment would be fatal to us. Let all nations adopt it and we shall see an end of the

world wide depression in prices which has followed the demonetization of silver in

1873. Our committee will soon be organized and then we will be heard from, possibly in a memorial to Congress, or in international monetary conferences."

join the strikers. The mob first put dy-namite under the boiler and engine in the

mines and blew them up. Then it destroyed the main ways of the mines and supplies and other property. From Price's the riot-

were turned loose down the hill and

wrecked. Before the sheriff could reach the scene of trouble the mob had dispersed.

CROKER WANTS A REST.

He Says One Man Cannot Properly Care for the Tiger and Its Cubs.

NEW YORK, May 7 .- When the Tammany executive committee of sixty meets next Thursday Richard Croker will take one more step toward withdrawal from aclive political work. Last summer he resigned from the Democratic State central committee; now he is quoted as saying: "I have made up my mind that I cannot stand the strain and hard work connected with the management of the Tammany organization. It has grown so burdensome that at times it is more than any one can bear. Hereafter the routine and detail must be looked after by committees, for I will not and cannot do it." Later in the day Mr. Croker notified the leading New York members of Congress of his purpose of resigning from the head of Tammany. Mr. Croker said to-night: "I have devoted thirty years of my life to the work of the organization, and I feel the need of a rest. My physicians have advised me that I must get out of doors more. I shall ask the executive committee to appoint one or more subcommittees to relieve me of routine work. I am not trying to dodge any duty or responsibility, and shall continue to do all in my power for the success of the organization and of Democratic principles. I simply want rest from the laprious routine work of the office because need it and feel that I am entitled to it. This does not mean that I have any intention of resigning. I shall talk the matter over with members of the executive committee between now and the meeting on Thursday, and I hope they will agree to name the committee I ask for. I only want them to attend to the immense correspondence and relieve me of details so that I will be able to get out more. I have not yet discussed the matter with any member of the committee, but I hope they will consent to give me the assistance I need."

MURDEROUS ASSAULT.

A Politician Attempts to Shoot M. H. De Young's Business Manager.

SAN FRANCISCO, May 7 .- James E. Elliot, business manager of the Chronicle, narrowly escaped death from a pistol shot fired by Jake Rudolph, a well-known local politician, in the Chronicle office, to-day. Rudolph entered and was making a noisy demonstration in abuse of Mr. M. H. De Young, when Mr. Elliot interfered. Rudolph drew a pistol and the business manager closed with him. An exciting struggle ensued, and Rudolph discharged the weapon at Elliot. The ball ranged downward and struck a silver dollar in Elliot's trousers pocket, saving him from serious, if not faal, injury. Rudolph was arrested and charged with assault with intent to murder. He has a very bad record, having spent some years in San Quentin for murderous assaults. He was for a long time the bodyguard of ex-Boss Buckley. His grievance against Mr. DeYoung appears to have been wholly imaginary, and was perhaps the outcome of a recent protracted spree.

Mrs. Lease May Run for Congress. TOPEKA, Kan., May 7 .- There was talk here to-day of putting Mrs. Lease in nomination for Congressman at large, but the Populist leaders do not want to turn down Congressman Harris. Old forty-rod Bourbon strongholds with Democratic stone walls built about their corporate limits, were assaulted and speedily capitulated to the Republican forces. Such was true at Sullivan, Monticello, Jamestown, Brookville (citizens' ticket winning), Rochester, Frankton, Clay City and a string of other places. In Republican towns majorities were piled higher than ever before.

Majorities.

MORRISTOWN, Ind., May 7.-At the town election held here to-day the Republicans swept everything, electing their full ticket by the largest majorities ever given at a town election. Following are the majorities: councilman, Second ward, C. T. Cotman, 66; Third ward, I. N. Johnson, 56; treasurer, L. B. Cole, 57; clerk, H. M. Rogers, 53; marshal, W. S. Cremeens, 37. The Democrats made a strong effort to carry the town, and were also assisted by some Republicans. They had nominated Paul, where the biennial convention of the a ticket of all Democrats, which they brotherhood of which he is the head will claimed was a citizens' ticket, hoping to get support from the Republicans, but their scheme failed to work and they were badly defeated. A special effort was made to defeat Cremeens for marshal, because of his strict enforcement of the law, but he received a loyal support and a handsome majority. Everything One Way at North Manchester with the Figures 230. NORTH MANCHESTER, Ind., May 7 .-In the town election to-day the entire Republican ticket was elected by an increased majority. The Democrats struggled hard to keep their voters in line, but despite their efforts a large number cast their votes with the Republicans. Several heretofore reliable Democrats openly announced their allegiance to the Republican party, and as a result there is a depressed atmosphere in Democratic headquarters tonight. The following candidates were elected: Jos. Cowgill, clerk; Daniel Speller, treasurer; A. H. Williams, marshal; George Burdge, councilman, Second ward; A. B. Miller, councilman, Third ward. The average Republican majority was 230.

Democrats Got One Trustee. KENTLAND, Ind., May 7 .- The town election held here to-day excited more attention than any previous election held in years. The principal fight was made in the First ward. Warren McCray, the Republican nominee for trustee, was defeated by William Perry, the Democratic candidate, by 21 majority, a net loss of sixtyfour votes to the Republican ticket. Perry won on local issues. The remainder of the Republican ticket was elected by intreased majorities over last year, as follows: Trustee, C. Talbott; clerk, W. E. Castle; marshal, Charles Ross.

Guins at Roann and Lagro. WABASH, Ind., May 7 .- Reports from Roann and Lagro, incorporated towns in this county, where elections were held today, show that the Republicans were generally successful. At Roann all the Republican candidates were successful by from 20 to 50 majority. At Lagro the Republicans elect the treasurer and the entire board of trustees, losing the clerk and marshal, the latter by only one vote. The vote was light at Lagro and large at the other

Cicero Becomes a Republican Town. CICERO, Ind., May 7 .- The town election here to-day resulted in the election of the entire Republican ticket by majorities ranging from 18 to 43. Heretofore the

Democrats have elected their entire ticket by majorities from 10 to 20. The board of town trustees now stands two Republicans and one Democrat, a hold over. Many life-long Democrats openly avowed their Intentions of voting the Republican ticket

Populists Were Hoodoos. AUBURN, Ind., May 7 .- The Republicans elected three trustees to-day and the Democrats the marshal, clerk and treasurer. This gives the Republicans a majority of the trustees for the first time in twenty years. It is a substantial Republican victory, being a gain of 60 to 130 votes. The Populists indorsed part of the Republican ticket and part of the Democratic, and all they indorsed were defeated.

No Opposition at Farmland. FARMLAND, Ind., May 7 .- As usual, the Republicans elected their ticket to-day. The vote cast was not very large, there being only one ticket in the race, which was supported by both Democrats and Republicans. Following is the ticket: Clerk, Henry D. Good; treasurer, John H. Thornburg; marshal, Isaac Gillum; councilman, First ward, Willard F. Pursley; Third ward, Samuel T. Botkins

Frost for Democrats at Spiceland. SPICELAND, Ind., May 7 .- At the town election to-day the entire Republican ticket was elected as follows: Councilmen, Clarkson Charles, Thomas C. Gordon and William S. Seaford; clerk, W. B. Gordon; treasurer, Jesse Bell; marshal, David W. Newby. The Republican majority was nearly four times as large as the whole Democratio vote polled.

Took Everything at Darlington.

DARLINGTON, Ind., May 7.-The municipal election passed off to-day with increased majorities for the Republicans, who took everything. R. C. Dunnigton, trustee in the First ward, got 25 majority; James A. Peterson, Second ward, 64; John C. Hunt, Third ward, 59; George Gonser, clerk, got 25 majority; S. C. Democrats Scarce as Hens' Teeth. DANVILLE, Ind., May 7 .- For the first time in the history of the town the Democratic party had no ticket in the field. There was no opposition to the regular Republican ticket, and consequently a small vote was polled. The Democrats had so little interest in the election that it was difficult to find members of that party to fill the election boards.

Everything but the Marshal. MITCHELL, Ind., May 7 .- To-day's election was very close, with a victory for Republicans. John M. Meade, Republican, was elected trustee by 2 majority; William N. Newby, Republican, trustee, by 9 majority; Lyman Crawford, Republican, clerk, by 35 majority; David A. Thompson, Democrat, marshal, by 115 majority.

Big Republican Gains. MIDDLETOWN, Ind., May 7 .- After an interesting contest the entire Republican ticket was elected to-day, with majorities as follows: Clerk, J. W. Farrell, 97; treasairer, Thomas E. Mowrey, 92; marshal, R. B. Sharp, 96; trustee, J. O. Lambert, 77,

This represents a Republican gain of about 30 per cent. Poor, Louely Knox Is Democratic. KNOX, Ind., May 7 .- The election to-day resulted in the success of the entire Democratic ticket by majorities ranging from 8 to 41. The Republicans failed to get out a full vote. The Democrats were well organized and used money freely. They car-

ried the town last spring by 14 majority. Everything One Way. FORTVILLE, Ind., May 7.-The town election went off quietly here to-day and a large vote was polled. The indications to-night are that the entire Republican ticket will be elected by an increased majority. The Democrats have made no

fight except for marshal. Republicans Given the Election. ORLEANS, Ind., May 7.-There was no election held to-day, because the Democrats put up no ticket against the one nominated by the Republicans, all of whom were the present incumbents. The old officials will hold over and save expense of

holding an election. Gain a Clerk at Scottsburg. SCOTTSBURG, Ind., May 7 .- At the town election to-day the Republicans elected four of the five officers. The Democrats get one town trustee, the Republicans one town trustee, treasurer, clerk and marshal. This is a Republican gain of the clerk over last

Prohibs and Dems Both Downed. CONVERSE, Ind., May 7.-Election passed off quietly with a two-thirds vote cast. All Republican candidates are elected by an average majority of 150 over the Prohibition ticket. The Democrats declined to make nominations.

Large Republican Majority. NEW CASTLE, Ind., May 7 .- The election passed off very quietly here, with about two-thirds of a full vote being cast. The entire Republican ticket was elected by large majorities.

Another Democrat Surprise. LIBERTY, Ind., May 7 .- The entire Republican ticket was elected to-day by maporities ranging from 94 to 134. Democrats were terribly surprised and Republicans are jubilant.

IN THE THIRD DISTRICT. Enough Votes Changed Last Week to Elect a Republican to Congress.

Special to the Indianapolis Journal. SEYMOUR, Ind., May 7.-The victory won at the polls last Tuesday is very gratifying to Republicans of the Third district. This district has heretofore been Democratic by about 3,500, and a nomination for Congress was equivalent to an election. Every city in the district has been under the control of the Democratic party for years, with but two exceptions (North Vernon and Madison), and the Republicans have never been able to gain a foothold and a package to the driver to be sent to in any of them. At the election last Tues-Sonora, saying they contained articles he

which had been under their control for years. In North Vernon and Madison the fight was made on local issues. The Republicans lost in those cities on account of a factional fight in the party. In Jeffersonville, New Albany and Seymour national issues entered into the campaign, and all three elected Republican officials and councilmen for four years, with good prospects for continuing in power for a longer term of years. The Republicans made a gain of over 2,000 in the three cities, and expect to make still larger gains next November and elect a Congressman.

The Republican congressional convention will be held in New Albany on June 7, and the attendance promises to be the largest in the history of the district. That the party is in earnest is shown by the large number who have announced themselves as candidates before the convention. They are all good men and have done good work for the party in past campaigns on the stump. Those announced are Hon. O. H. Montgomery, of this city; Col. E. A. McGinnis, of New Albany; Hon. Robert Tracewell, of Corydon, and Prof. W. W. Bordon, of Bordon. The latter was the Republican candidate in 1892, and succeeded in reducing the Democratic majority over 1,200. Every one of the men named believe that the one who receives the nomination will be elected.

Rev. Z. T. Sweeney Not a Candidate.

Rev. Z. T. Sweeney Not a Candidate. Special to the Indianapolis Journal. COLUMBUS, Ind., May 7 .- Ex-Consulgeneral Rev. Z. T. Sweeney, on being shown an item in an Indianapolis paper saying his name would go before the Martinsville Republican congressional convention next Thursday, said to-day he had never been a candidate nor would he ever be one. He said that three months ago, if the Republicans of this district had called upon him with practical unanimity to head their cause a sense of gratitude and patriotism would have prompted him to accept. But there are so many good men now seeking the nomination that he is relieved of all sense of duty in the matter, and is free to pursue the course of his life work, the ministry of the gospel.

Terre Haute Negroes Protest. Special to the Indianapolis Journal.

TERRE HAUTE, Ind., May 7 .- The colored Republicans of the city heid a meeting this afternoon to denounce the action of the caucus of Republican councilmen in selecting J. D. Jones for chief of the fire department. When he formerly held that position he opposed giving colored men charge of one of the fire houses. The meeting today adopted resolutions censuring Councilman Crawford, the rich iron manufacturer who is the potent influence on the Repub lican side of the Council, and James E. Piety, chairman of the county Republican committee, for dictating the action of the caucus. Piety's brother was relected for city attorney, and Republicans generally complain of this use of the chairman's in-

Populist Howard County Army, Special to the Indianapolis Journal.

KOKOMO, Ind., May 7 .- The Howard county Populists are captivated with the idea of going to the State convention in wagons. They are preparing to take five hundred people from this place, and will pick up the Tipton and Hamilton county delegations on the way. It is proposit to hold meetings at Tipton and Nob. ville in the hope of inducing every member of the party to join them. They talk of 30,000 people in camp convention week. The Howard army will leave here Monday morning, May 21, reaching Indianapolis on the afternoon of May 23.

Re-Elected Fire Chief Merker. Special to the Indianapolis Journal.

NEW ALBANY, Ind., May 7.-The new Republican' City Council met to-night to elect subordinate officers, and after one of the chardest fights ever held Fire Chief William Merker was re-elected, although a Democrat. Five Democrats, two Republicans and Mayor Broeker voted for Merker and the other seven Republicans against him. Merker has been with the fire department since 1849, except fifteen years. His election is a popular one, and the city is wild over his victory.

Township Nominations. Special to the Indianapolis Journal. MUNCIE, Ind., May 7 .- At the Republican township convention to-night the following candidates were nominated: Trustee, A. C. Persing; assessor, Henry Hurst; justices of the peace, Isaac H. Gray, John B. Moreland and Jere Garrard; con-stables, W. E. Floyd, Joseph W. Wolfrom and Noble Thornburg. The nomination is equivalent to an election.

Nominated on the Twelfth Ballot. Special to the Indianapolis Journal. BLOOMINGTON, Ind., May 7 .- The Democrats of Monroe and Brown counties met at Unionville to-day and nominated John

K. Anderson, of this city, as candidate for joint Representative. It required twelve ballots.

FOUGHT TEN ROUNDS.

The Abbott-Bowen "Mill" for a Purse of \$2,500 Declared a Draw.

NEW ORLEANS, May 7 .- Stanton Abbott, of England, and Andy Bowen, of New Orleans, fought for a purse of \$2,500 at the Auditorium, in the presence of four thousand people, to-night. The fight was for ten rounds only, at the request of Attorney-general Cunningham. The exhibition was clumsy and unscientific throughout, Abbott disappointing the spectators by the poor form he displayed, though the fight was fast and furious at times. From the first to fifth round Abbott had the best of the fighting, landing some left-hand jabs with telling effect. Rounds five to nine Bowen evened up matters, and in the eighth the home man landed a heavy right-hander on the forehead and fairly knocked the Englishman down. The latter recovered quickly and delivered some left-hand body punches which did not do much harm. The tenth round was an exhibition of fast fighting, both men landing many blows without a single scientific one. At the end of the tenth round the contest was decided a draw and the purse divided equally between

the two boxers. Griffo Defeats Murphy.

BOSTON, May 7 .- To-night, after one of the hardest fights seen in Boston for a long time, young Griffo was declared the winner over Billy Murphy at the end of eight rounds. Griffo secured first blood in the second round, landing his left on Murphy's nose with good effect. The eighth and last round was a trying one for Griffo, but he kept his head well and let Murphy tire himself out. Then he went in and landed some hard blows on the body and face. At the close of the round the men shook hands and referee Daly gave the bout to Griffo amid hisses and cheers. The pair met in the Casino before 2,500 spectators.

ANOTHER COMET.

A Chicagoan Claims to Have Discovered a New Wanderer in the Sky.

CHICAGO, May 7 .- T. H. Ling, a Chicago astronomer, claims to have discovered a new comet last night. The comet, he says, was about half a degree below Zeta Hydra, south of the quadrilateral figure marking the serpent's head. Warner Observatory, Rochester, N. Y., was notified. Whether the comet was approaching or receding Mr. Ling was unable to determine.

MILWAUKEE, May 7 .- Deputy Commander Watrous, of the Wisconsin G. A. The matter is one that will interest Grand Army men all

SUGAR TRUST TAKEN CARE OF

But Nothing More Done for the Whisky and Lead Monopolies.

Democrats Certain that the New Bill Will Soon Pass-Speaker Crisp Thinks Congress Will Adjourn July 4.

Special to the Indianapolis Journal. WASHINGTON, May 7 .- The tariff bill

that threatens to go down to posterity as the "Gorman bill' was made public tonight. It contains between three and four hundred amendments, principally in the chemical and woolen schedules. The Sugar Trust had a battle royal to maintain its supremacy in the committee to-day, but finally won. The Lead Trust was less fortunate, and white lead remains at the old rate of 114 cents. Senator Voorhees's memory of the recent elections in Indiana and the causes that led to the Republican landslide were evidently too acute to permit him to champion the Whisky Trust, so that his friends from Terre Haute will have to take their chances on the floor of the Senate. There is a general feeling among all Democrats that the speedy passage of the bill is assured. Speaker Crisp said to-day that he expected all tariff legislation to be out of the way before the end of June, and that Congress would observe the 4th of July by adjourning on that day for the session.

It was during the executive session today that Senator Jones presented the amendments to the tariff bill. There are over four hundred of them, and it makes a new bill or measure greatly differing from the Wilson bill and from the Senate bill in any form in which it has been presented. The amendments heretofore presented by Senator Vest and reported from the finance committee are indorsed by the compromise committee. There is a general increase in the bill and in some schedules the increases are very marked. Senator Harris remarked yesterday that, notwithstanding the consideration of the Chinese treaty had not been finished, he would oppose any more executive sessions or the passage of any bills during the morning hour until after the tariff bill was disposed of. He also said that he would now press for sessions beginning at 10 o'clock in the morning in order that more speed might be made. Following are the amendments sub-mitted to the Senate:

on all tank bottoms, syrups of cane juice or beet juice, melada, concentrated melada, concrete and concentrated molasses, a duty of 40 per cent. ad valorem, and upon all sugars above No. 16 Dutch standard in color there shall be levied, collected and paid a duty of one-eighth of 1 cent per pound in addition to the said duty of 40 per cent. ad valorem; and all sugars, tank bottoms, syrups of cane inice or of best inice melada conof cane juice or of beet juice, melada, concentrated melada, concrete or concentrated molasses, which are imported from or are the product of any country which at the time the same are exported therefrom pays, directly or indirectly, a bounty on the export thereof, shall pay a duty of one-tenth of 1 cent per pound in addition to the fore-going rates: Provided, that nothing herein contained shall be so construed as to abrogate or in any manner impair or affect the provisions of the treaty of commercial reci-procity concluded between the United States and the King of the Hawalian Islands, on the 30th of January, 1875, or the provisions

The new sugar schedule provides that on

and after Jan. 1, 1895, there shall be levied and collected and paid on all sugars not above No. 16 Dutch standard in color, and

of any act of Congress heretofore passed for the execution of the same. That on and after Jan. 1, 1895, there shall be levied and collected and paid on molasses, testing 40 degrees or less by the polariscope, and containing more than 20 per cent. of moisture, and on molasses testing above 40 degrees and not above 56 degrees polariscope, a duty of 2 cents per gallon; if testing above 56 degrees polariscope a duty of 4 cents per gallon

THE CHEMICAL SCHEDULE. Tartaric acid, 20 per cent. ad valorem. (10 in Senate, 20 in House bill.) Alcoholic perfumery, including cologne water and other toilet waters and alcoholic compounds not specially provided for in this act, \$2 per gallon and 50 per cent. ad va-

lorem. (Senate and House bills, \$2 per gal-

lon and 25 per cent. ad valorem.)

All coal tar colors or dies by whatever name known and not specially provided for in this act, 25 per cent. ad valorem. (Senate and House bill, 20.) New paragraphs are inserted as follows: Drugs, such as barks, beans, berries, balsam, buds, bulbs, bulbous roots, excrescenses, fruits, flowers, dried fibers, dried insects, grains, gums and gum rosin, herbs, leaves, nichens, mosses, nuts, roots and stems, spices, vegetables, seeds aromatic, seeds of morbid growth, weeds and woods used expressly for dyeing, which are not edible, advanced in value or condition by refining or grinding, or by other process of manufac-ture and not specially provided for in this act, 10 per cent. ad valorem. In the paragraph relating to fish the word "prepared" is stricken out and the

rate of 25 per cent. ad valorem is made to apply to all fish oils. Epsom salts are made dutiable at onefifth of a cent per ounce. Morphia or morphine and saits thereof, 50 cents per ounce. (Senate and House bills, 75 cents.)
Flaxseed and poppy seed oil 20 cents per gallon, instead of 15 cents in former bills. In olive oil for salad purposes the House rate of 35 cents per gallon is restored, instead of the Senate committee rate of 25

per cent. CHANGES IN GLASS DUTIES. A portion of the glass schedule is changed so as to read as follows: "Green and colored, molded or pressed and ffint and lime glass bottles holding more than one pint and demijohns and carboys, covered or uncovered, and other bottle glassware, not especially provided for in this act, five-eighths of one cent per pound Green and colored, molded or pressed and flint and lime glass bottles and vials holding not more than one pint and not less than one quarter of a pint, three-fourths of one cent per pound; if holding less than one-fourth of a pint, 35 cents per gross, whether filled or unfilled, whether their contents be dutiable or free." (Senate rate on foregoing, 40 per cent; House rate, 30 per cent.)

Another change in glass is as follows: "Unpolished cylinder, crown and common window glass, not exceeding 10 py 15 inches square, 1 cent per pound; above that, and not exceeding 16 by 24 inches square, 14 cent per pound; above that and not exceeding 24 by 30 inches square, 1% cent per pound; above that and not exceeding 24 by 36 inches square, 1% cent per pound; all above that, 1% cent per pound; provided that unpolished cylinder, crown and common window glass, imported in boxes, shall contain fifty square feet, as nearly all sizes will permit, and the duty shall be computed thereon according to the actual weight of the glass." There is a change of sizes as well as of rates, and comparison cannot be made Plate glass, 24 by 6 inches, 23 cents per square foot. (Senate and House bill, 20 cents.) All plate glass above these dimensions, 38 cents per square foot, (Senate and House, 38 cents.) Looking-glass plates are added to glasses dutiable at 10 per cent, ad valorem, in addition to other rates chargeable thereon.
